Getting Off Track - J.E.Moores © Jan. 1988

```
      A/3              A/2
I'm taking a little time

              Em  -  A
To get off track.

 A/3          A/2                        Em  -  A
Gettin' off track - I'm gettin' off track.

A/3         A/2
Allow my mind

    Em                    A
To slip through the cracks.

 A/3          A/2                        Em  -  A
Gettin' off track - I'm gettin' off track.

A/3       A/2
Gone so far

Em                  A
Might never get back.

 A/3          A/2                        Em  -  A
Gettin' off track - I'm gettin' off track.

Em                                    A
I might be crazy, but I'm not insane.

Em                                    A
Just because I won't play your game.

Em                          A
And I won't accept the blame.

                      Em                  A
When it's all the same           to me.
