Reminding Me - J.E.Moores © Nov. 1994

*** = 030000 - 020000 - 300000 - 200000 - 002200 : [x4] - E/5
(4th time skip the 002200 and go to E/5)

```
   E/5                  A/7
I know I'm being followed
                            - E/7
Tap on the shoulder yet

Nothing but a shadow
                 E/5
Seems to go my way
                           ***
What does it keep reminding me?

  E/5       A/7
I feel all scattered
                                                E/7
There's something in my eye that keeps reminding me
                  E/5
Although I'm feelin' A - OK!
                                  ***
Just let you know, that it mattered.

 E/5                       A/7
The rain came down today
                              E/7
Although the wind was damp and cold
          E/5
I really let it blow in and
                                     ***
Out my mind just to give it a try!
```
