

I Had Dreams Like You Do - J.E.Moores © July 1987

C Am
Walking down the city street
C Am
There's a man I happened to meet
C Am
Come here boy, let me talk to you
C Am
Get closer so I can see you.

G D
I was young, once like you
G D
And I had dreams like you do
G D G
Get closer boy I got something to tell you

D A
You can't get nothing from nothing
D A
You can't get something from something these days
D A
In a land where nothing is impossible
D A Em-A-Em-A
Seems like a lot of nothing is getting done.

But I watched them flow

Right down the city avenue, and he said

You can't get nothing from nothing

You can't get something from something these days

In a land where nothing is impossible

The winters get really rough here
D A
Chill bites you when you're old
D A
Wish I's somewhere warm - don't care where
D A Em-A-Em-A
Street people are dying in the road
