**Water Ripples** - J.E.Moores © Dec. 1991

---

Am/5 E/6 :
Float - float - floating - passing bye
Water ripples reflected sky
Our eyes meet and wonder why

E/3 A/1 F
And the dream, he could only dream it once
E/3 A/1 F
And the ocean was as wide as the ocean was
E/3 A/1 F
And the unicorn unicycled across the universe
E/3 A/1 F
And the demon has stolen the goddess' purse

Am/5 E/6 :
Float - float - floating - passing bye
Water ripples reflected sky
Our eyes meet and wonder why

E/3 A/1 F
And the sea raged up over my head
E/3 A/1 F
And I talked to crustaceans and star fish instead
E/3 A/1 F
And we danced 'til August upon the sand
E/3 A/1 F
Away from the hectic world of land
