 G            D
Down on the ground.
G                        D
See him climbing up then he zip lines down
       G
Both feet on the ground
       D
J.D. Lichtman!

C                  G                    D
I don't understand him, he don't understand me.
C         G              D
I don't trust him, he don't trust me.
C          G               D
I don't like him, he don't like me.
