

**All I Needed Was Your Love** by J.E.Moores July 2021

E A  
This sedentary lifestyle is gonna kill me

E A  
As sure as I am sitting right here.

C G  
I gotta stand up and conquer my fear

F C  
Gonna tell you the truth, I never had an affair

G  
I fell into despair.

E A  
I didn't want you to know I got stood up.

E A  
I didn't want you to know I'm a loser.

C G  
Not a player, but a poser when

F C G  
All I needed was your love, all I needed was your love, all I needed was your love

F C G  
After all I went through, all I needed was your love, all I needed was your love.

F  
How did I lose you to this lie?

C  
In too deep and don't know why

G  
Did we let this ruin our life?

E A E A  
When you have gone away flowers start to die

C G F C  
Someone needs to water them, thirsty and oh so dry when

F C G  
All I needed was your love, all I needed was your love, all I needed was your love

F C G  
What you have is enough, all I needed was your love, all I needed was your love.

F C G  
Reach out! Reach out to one another. Children!

F C G  
Don't let them take the world from you bond together!
