

**Turn Around** - J.E.Moores © March 1992

---

                  A/1  G                  F  
Don't lead me on - don't turn me down  
          A          A/1  
If you can't pay attention  
          A/3  
Then the price ain't right  
          F                  A                  A/1  
Then turn around - around - around - around - around! [x2]

                  A/1  G                  F  
Don't turn me on - don't drag me down  
          A          A/1  
If once ain't enough  
          A/3  
Then you ain't got  
                  F                  A                  A/1  
What you think you found - around - around - around - around  
          F                  A                  A/1  
Then turn around - around - around - around - around! [x3]
