

I Love Driving My Car by J.E.Moores

D
I love driving my car
G
Together we'll go far
D
Global warming will have to wait
G
Open the garage, release the gate
D
Past avenues buildings and parking lots
G
God bless America for all we've got
D
Past schools offices and a Walmart
C G - D
I love driving my car
D
Takes me out gets me to work
G
It's a fun place for us to flirt
D
Together we'll go far
G
I love driving my car
D
From over there to over here
G
I'm slightly late, but never fear
D
You could guess, it isn't hard
G
I love driving my car
