

Air Traffic Control by J.E.Moores

 C Am
Their plane went down – they were never found
 F G
Big flash of light – their blip went out of sight
 C Am F
With no air traffic control – they sank far below the shore
 G C
Into the frozen sea – from here to eternity

 C Am
Where did you go?
 F
They're saying that you're gone
 G
I'm standing at the gate all alone
 F Am
Everyone is crying – there were no survivors
 G F
None of us have anyone to drive home
