C G D
What do you do when you hang up?

C G D
What do you say to the people there in the room?

C G D
What do you do when you lock the door?

C G
Is it just a hang up

D
You find yourself clinging to?

C G
Could it be me

D A
And would you let them all know

C G
That I was your hang up

D A
Or at least a wrong number on the phone...

C G D
Could it just be when all your feelings show

C G
As if it was a hang up

D A
And you don't want the world to know

C G
That I am your hang up

D A
On the other end of the phone

C G D A
When will you give up and learn to hold your own

D
Never knew

A
It would be so easy

C Am Em
To let you down, to get you down now.

D A
Bet you never knew

C
It would be so easy

Am Em
To let me down, to get me down.

D A C Am Em
You're never alone when you're with a busy signal, a busy signal, a busy signal.
