

Moon Stars Sun by J.E.Moores

 C
I have no home
 Am
Who am I ?
 G F
I was born - I will die
 C Am G - F
On this land where I sleep, dream and breathe
 C G
Pass on by - nothing here to see
 F C
Everyday I try - try to be free
 Am G
Go with the flow - don't you know
 F
It's the only way to be...
 C
You and I
 G
Are more alike
 F
We have more in common
 Am
Than what separates
 C Am
I am cold when the wind blows
 G
I want to be warm
 F
Have someone to hold
 C
Keep us from harm

 Am G F
Watch the moon, watch the stars, watch the sun
 C Am
Hold hands and run - through summer fields
 G F
Reap what life yields - until it's done
 Am G F
Watch the moon, watch the stars, watch the sun
