

**Never Been Enlightened** - J.E.Moores © April 1997

---

          A/1    F  
I get so mad at work  
          A/3          F  
I get so mad I stain my shirt  
A/1          F          A/3  
With paint and pain I dent my brain  
          A/1    F  
I am cold and alone  
          A/3          F  
You just bumped my funny bone  
A/1          F          A/3  
And it's all cliché like crying in the rain.

          A/1    F  
I am mortal and frail  
A/3          F  
Skinny and pale  
A/1          F          A/3  
And I have never been enlightened.

          A/1          F  
I have tried and I have failed  
          A/3          F  
It rained and it hailed  
          A/1          F          A/3  
And I dream of the noose as it tightens.  
          A/1    F  
I'm going insane  
          A/3          F  
Just a little further again  
A/1          F  
Guess I better stop before  
          A/3  
The neighbors call the cops.

          A/1    F  
I am mortal and frail  
A/3          F  
Skinny and pale  
A/1          F          A/3  
And I have never been enlightened.
