

Science by Jay E Moores 2026

D
Science is about
G
Tiny things I can't see
A
Microbes germs and spores
G
And bacteria galore

D
It's gross out there
G
I don't want to go
A
So much science
G
I didn't mean to know

D
It fills up my brain
G
With worry and concern
A G
Why did I have to learn

D
Science is about
G
Atomic structures and what's more
A
You will need physics
G
To get out the door

D
Science is big
G
And always expanding
A
Science is secretly
G
The art of not knowing
