You can hold on strong or slip on through
This is the power I have given you.
This is what love has done to me
It ties me down, it sets me free.
So complicated are my fears
Hope and desire, laughing with tears.

000212 - 000210 - G - 320000
I hold my own, I hold you close.
In the very least, you are the most... [x2]

This is the power I have given you
Open my eyes to another view
I feel world size, then you take away
All I despise just fades away.

000212 - 000210 - G - 320000
I'll hold on strong while you slip on through
This is the power I have given you.

From the very start, to the very end
With a kiss to you, my heart I'll send.
Send it to you, for all to see.
This is the power I've left for me. [x2]

000212 - 000210 - G - 320000
I hold my own, I hold you close.
In the very least, you are the most... [x2]
